Education

Tecnológico de Monterrey — Monterrey, Mexico
B.S. in Computer Science and Technology; GPA: 3.8/4.0 — *Expected Dec. 2027*

Apple Developer Academy – Università di Napoli Federico II — *Naples, Italy | Sept. 2026 – June 2027*

Experience

Tecnológico de Monterrey – Graduate Admissions — Monterrey, Mexico
Data Engineer & Analytics Intern | Python, pandas, SQL, Alteryx — *May 2026 – Present*

- Cut admissions report preparation from ∼**2 weeks** of manual Excel work to a ∼**3-minute** automated run by building **Python (pandas)**, **SQL** and **Alteryx** ETL pipelines over **1M+** applicant records
- Delivered **100% traceability** of admission non-compliance across every Tec campus in Mexico by automating validation that scores each applicant against admission-route thresholds

Everyone Can Code + Create Chicago – Apple & JPMorgan Chase — Chicago, IL
Team Lead & iOS Developer, App Accelerator | Swift, SwiftUI — *Sept. 2026 – Dec. 2026*

- Pitched Cerca, a 100% native **iOS** app that keeps students abroad (**7.5M** worldwide) close to loved ones; ranked **#1 of 24** ideas and now leading a **4-person** team
- Shipping Cerca 1.0 and 2.0 to the **App Store** across 3 Demo Days of the 12-week program, targeting **1,000 users**

IBM — Mexico
Technical Sales Intern, Security & AI | watsonx.ai, watsonx Orchestrate, LLMs — *June 2025 – June 2026*

- Projected up to **75%** less physician documentation time and **59%** fewer information-omission incidents by designing a clinical AI assistant on **watsonx.ai** that integrates **LLMs** with real-time patient data

Government of Nuevo León – Secretariat of Social Development — Monterrey, Mexico
Co-Lead Software Developer | Next.js, TypeScript, tRPC, Prisma, GitHub Actions — *Nov. 2025 – Dec. 2025*

- Replaced paper- and Excel-based workflows for **200+** program users by co-leading a **10-engineer** team that shipped a production **T3 Stack** platform with **NextAuth** RBAC and **GitHub Actions** CI/CD

Projects & Awards

LeRe – AI Project Planner | *Python, FastAPI, LangGraph, PostgreSQL, React, TypeScript, GCP* — Feb. – June 2026

- Achieved **88%** task success and **92%** user satisfaction by building a **LangGraph + FastAPI** multi-agent platform that fans out **4** parallel subagents to turn an idea into Banorte-compliant requirements, tech stack, milestones and diagrams
- Kept every recommendation within Banorte's approved tech catalog by owning the Tech Stack agent (**Pydantic** structured output); built a Strategy + Factory LLM layer to hot-swap **OpenRouter** and **Gemini**

CorAI – AI Wearable ECG | *Swift, SwiftUI, CoreBluetooth, WebSockets, FastAPI, JWT* — Dec. 2025 – June 2026

- Streamed **120 Hz** ECG data in real time for early AFib detection by leading the native **iOS** client (**SwiftUI**, MVVM) for a **9-engineer** team, with **JWT**-secured roles and a synthetic ECG generator for hardware-free testing

Mabe Flow iOS App – 1st Place National, Swift Change Makers (Enactus & Apple) | *SwiftUI, SwiftData* — May 2026

- Placed **1st of 60** teams with an HR assistant automating **10,000+** monthly interactions for Mabe's **26,000** employees, running Apple **Foundation Models** 100% on-device with **21** tool-calling functions across employee, manager and HR roles
- Built on-device **RAG** over HR policy PDFs (**PDFKit**, **VecturaKit**, **NLContextualEmbedder**) with source citations, plus a **Core ML** model that predicts request resolution time

Trionda – 1st Place Regional, Changemakers Social Challenge (Enactus & Apple) | *SwiftUI, Core ML* — Nov. 2025

- Reached National Finals with an offline app for FIFA World Cup visitors: **MultipeerConnectivity** group chat and location sharing, UWB finding (**NearbyInteraction**), **Foundation Models** itineraries and a **Vision + Core ML** flag classifier

Leadership

Vice President, C.S. Student Association (SEITC) – *Tecnológico de Monterrey* — *Aug. 2025 – June 2026*

- Built the industry partnership program for a **2,000+** student CS community, securing Bloomberg, Uber, Waymo, Capital One, IBM, Duolingo, EY, Softtek and Hey Banco
- Opened recruiting channels via tech talks with Duolingo, Uber and EY, workshops, a 3-day Bloomberg campus visit and a Softtek HQ visit
- Negotiated and executed a Capital One–sponsored hackathon for **350+** students, owning end-to-end logistics
- Co-organized SEITC's Congress of Technology for **200** students, with sessions from IBM, NVIDIA, Snowflake and Hey Banco

Technical Skills

Languages: Python, C++, TypeScript, JavaScript, Swift, SQL, Kotlin | Spanish (native), English (C1)
Databases & Cloud: MongoDB, PostgreSQL, Redis, Firebase, Docker, Kubernetes (basics), Terraform, GCP
Frameworks & Tools: FastAPI, Node.js, Next.js, React, tRPC, Prisma, SwiftUI, LangGraph, pandas, Git, CI/CD
